UPON GENERALSEmperor William Wishes To Reward Generals  
Stoessel And Nogi At Once.

## THE ORDER POUR LE MERITE GIVEN

Transportation of Russian Officers and Common Soldiers  
Has Now Begun—Find More  
Survivors.

[SPECIAL BY SCRIPPS-M'RAE.]  
Berlin, Jan. 10.—The order of "Pour Le Merite" has been conferred by Emperor William on Gen. Stoessel and Gen. Nogi for bravery at Port Arthur. His majesty has asked Russian and Japanese emperors to authorize the acceptance of the decoration. A Nagasaki dispatch says the transport Tora arrived there with twenty-eight Russian officers and a thousand men. The enlisted men were transhipped for Kure. At Tokio it is reported 395 submarine mines have been destroyed by the Japanese within a radius of forty miles from Port Arthur. Ten additional survivors of the third expedition of the Japanese to blockade the entrance to Port Arthur have been found in a

ONE CAUCUS WILL BE  
HELD AT MADISONSenator Quarles Arrives This Noon  
and Is Ready To Begin  
His Campaign.

[SPECIAL TO THE GAZETTE.]  
Madison, Wis., Jan. 10.—Senator Z. P. Beach, chairman of the republican senatorial committee, said today that the stalwarts objected to the factional chairman, W. D. Connor, calling the senate organization caucus to order, but he did not see what was to be done about it as Connor had slipped in and called the caucus for 7:30, while Beach's call was for 8:00 o'clock, and a split caucus was undesirable. Consequently there will probably be only one senatorial caucus tonight. Senator Quarles reached Madison at noon and was cordially greeted. Things are immediately on a business-like air. Esch, Cooper and Webb will come next week, their managers say. Silence reigns in the executive office regarding La Follette, Connor and Stephenson. Chairman Connor this afternoon changed the time of his caucus to 8 o'clock, and his action settles the dispute. There will be only one caucus.

CAR ROBBERS ARE  
CAPTURED TODAYStole Much Bullion From Cars in  
Transport—Thought It  
Was Lead.

[SPECIAL BY SCRIPPS-M'RAE.]  
St. Louis, Mo., Jan. 10.—Three freight car robbers are under arrest in East St. Louis. They stole thirty-one bars of silver bullion valued at twenty-five thousand which they sold to a junk dealer for a hundred and fourteen dollars, thinking it was lead. The silver was recovered for the Philadelphia mint.

## Plenty of Good Cigars.

What's this complaint from certain old smokers about not being able to get a good cigar nowadays? It sounds more like the growl of a chronic kicker than anything more reasonable. There are more cigars of a cheap quality on the market now than formerly, but the supply of cigars of the best quality is not thereby diminished. They cost money, but they can be had for the price.—Boston Herald.

## Composition on the Seasons.

Youthful in years, but of determined spirit, was the little Bowdoinham, Me., girl who was required to write a composition on the seasons. Much displeased at her task, when driven to it, she produced the following unique article: "There are four seasons, spring, summer, autumn and winter. Some like one best, and some like another, but for my part, give me liberty, or give me death!"

## Turns Up Gold Nugget.

A farmer at Brokenback, near Maldon, in Victoria, while plowing, recently turned up a nugget of gold weighing 52½ ounces. The country is chiefly granite, and gold was not known to exist in the neighborhood. Quartz was attached to the nugget, although in places it was water-worn. No further discoveries have been made.

## The Capsules Came Back.

"Some days ago," remarked the druggist, "I put up a prescription calling for quinine in capsules, as the doctor directed. This morning a small boy came in and requested me to refill the prescription and handed me the empty capsules in which to put the medicine."

Denmark exports 2,500,000 pounds of honey a year.

ELECTORAL COLLEGE  
MEMBERS ASSEMBLECast Ballots for the Presidential  
Candidates and Select Messengers to  
Carry Returns to Washington.

Washington, Jan. 10.—The members of the electoral college elected on Nov. 8 met at high noon Monday in the various state capitals and cast their ballots for the presidential candidates. The only other duty of the bodies was to name messengers to bear the sealed returns to the president of the senate in this city.

Springfield, Ill.—Illinois' electoral vote of 27 was cast for Theodore Roosevelt for president and Charles W. Fairbanks for vice president and Henry Augustus Neal of Charleston, was selected by lot as the messenger to deliver to the president of the senate at the seat of government a certificate of election.

Indianapolis, Ind.—The Indiana members of the electoral college formally balloted for president and vice president. Joseph D. Oliver of South Bend was selected to carry the vote to Washington.

Columbus, O.—The Ohio electoral commission cast the vote of the commission for president and vice president. C. A. Pierce of Columbus drew the card as messenger to carry the vote to Washington.

Des Moines, Ia.—W. L. Turner of New Hampton was chosen by lot to carry the vote of the state of Iowa to Washington by the presidential electors at their meeting.

Jefferson City, Mo.—For the first time since 1895 the electoral vote of Missouri was cast for Republican presidential and vice presidential candidates.

Lansing, Mich.—The Michigan electoral college completed its work, naming E. B. Foss of Bay City as messenger to carry the vote to Washington.

Annapolis, Md.—At the meeting of the electoral college of Maryland seven votes were cast for Parker and Davis and one for Roosevelt and Fairbanks. J. C. Bowerman was chosen as messenger to deliver the certificates at Washington.

Madison, Wis.—The Wisconsin Republican electors met at 12 o'clock in the office of the secretary of state. Fred C. Lorenz of Milwaukee was chosen messenger to carry the vote to Washington.

## To Preserve Cider.

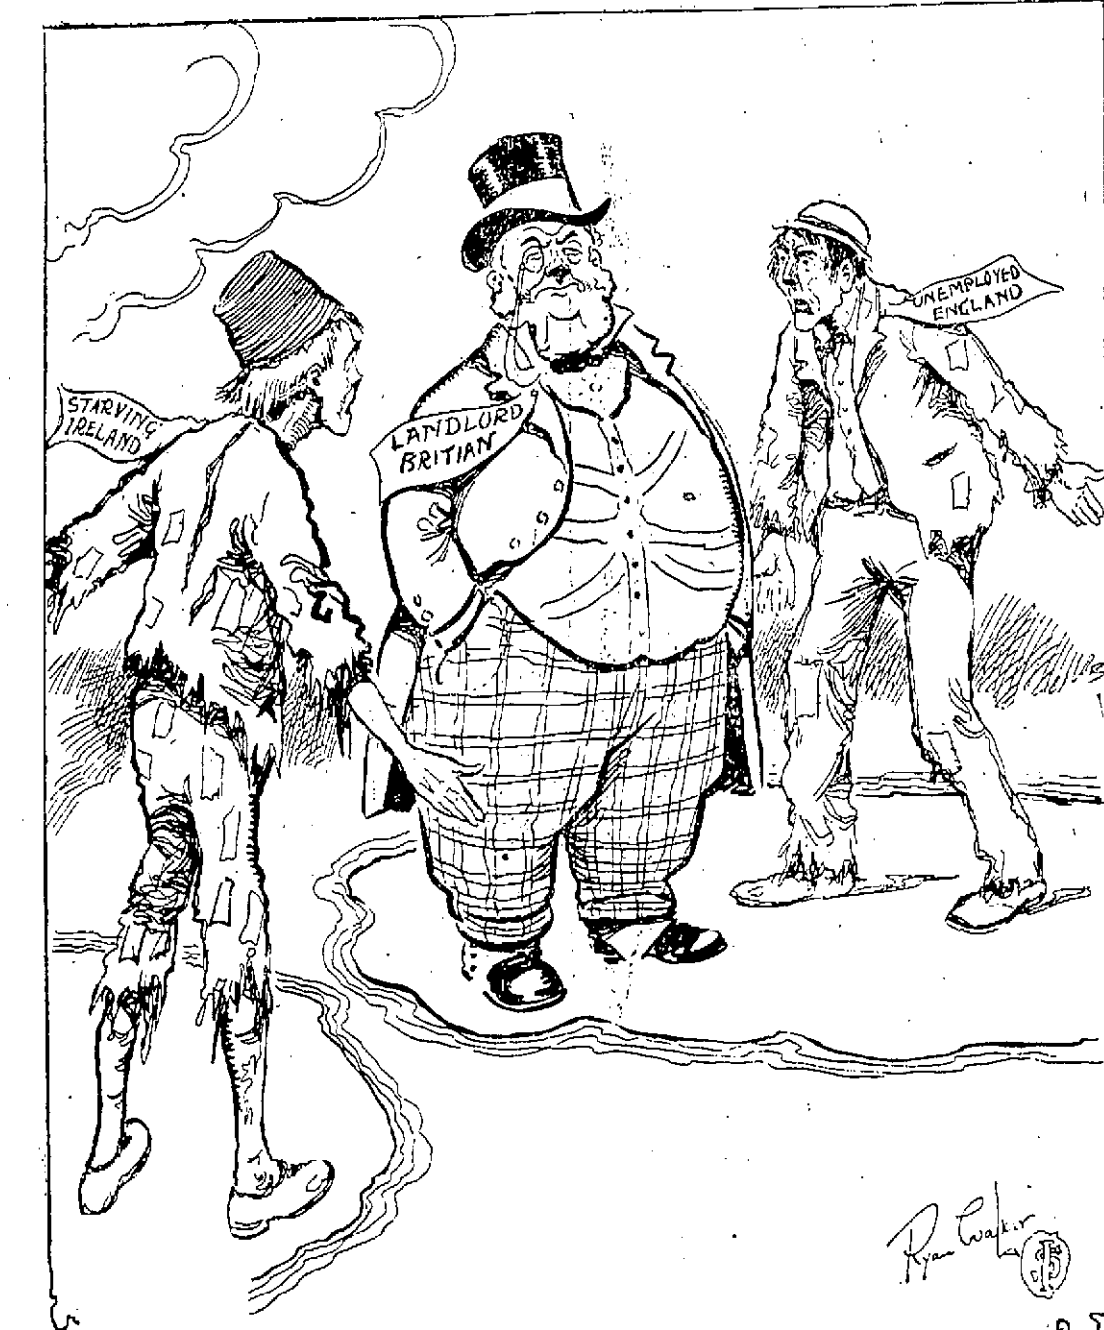

Where cider is used from the cask, to prevent spoiling in the partly empty cask, pour upon the cider a quart of some tasteless oil, such as olive or peanut oil. The oil will form a thin film on the surface of the cider and prevent access of the acid and putrefactive ferments always present in the air.—Southern Farm Magazine.

## Juvenile History Amplified.

Mother Goose was figuring out some rhymes. "This," she muttered, biting the end of her pencil, "is worse than doing a daily humor stunt on a newspaper."

## Spanish Women Taught to Fence.

All well-educated Spanish women are taught from their earliest years to handle the sword, and as a result they are noted for their admirable figures and easy walk.

Is Somewhat Improved  
This Morning.

[SPECIAL BY SCRIPPS-M'RAE.]  
Chicago, Ill., Jan. 10.—Dorothy Deenen, daughter of Governor Deenen, who was suffering from an attack of appendicitis, is much improved this morning. The physicians think an operation is now unnecessary.

BISHOP TALBOT  
IS UNDER FIRENoted Case in the Episcopal Church  
Is Being Aired in an In-  
quiry.

[SPECIAL BY SCRIPPS-M'RAE.]  
Reading, Pa., Jan. 10.—Seven members of the committee on inquiry into the charges against Bishop Talbot, met at the Mansion house this morning. There was no quorum, but notwithstanding the committee went into session. The members of the committee refused to talk on the probable outcome of the inquiry. The attorney for the Huntington presiding was present. It is declared by some church members that several members of the committee absented themselves in order to prevent a meeting through a lack of a quorum.

## STATE NOTES.

Peter L. Anderson, a contractor, is missing from his home in Racine. Two Ellsworth young men suffered broken legs in a coasting accident at Mineral Point.

Mary Bleher of Arlington, near Portage, has sued Charles Elsenman of Bloomington, for \$5,000 damages for alleged breach of promise. Three residents of the west side of Green Bay have been arrested by a North-Western railroad detective, charged with stealing coal from the yards.

It is publicly declared by the ministers of Racine that from 50 to 100 children rush the growler in that city. The ministers will soon commence a crusade against saloon men who sell the children liquor.

Thomas Brown, a paroled convict from the Michigan City, Ind., prison, and John Berg, claiming Milwaukee as his home, were held to the circuit court at Kenosha on a charge of grand larceny.

The judicial campaign in Kenosha county has been opened and petitions are being circulated for the renomination of Associate Justice John B. Winslow. Judge Russell H. Sisson will be a candidate for re-election. Christmas trimmings left in the jewelry store display window of John Fector of Kaukauna caught fire on Monday and \$1,000 damage was done to the \$10,000 stock near by. The loss is fully covered by insurance.

Archie Randall, employed by the Wisconsin Telephone company, while climbing a pole sixty feet high at Racine on Monday, became benumbed by the cold and fell, sustaining injuries about the head and body that may prove fatal.

John Wessel, a former member of the Russian army, has been committed to the Northern Hospital for the insane at Oshkosh from Kenosha. It is alleged by his friends that he became violently insane on hearing of the fall of Port Arthur.

Mrs. A. K. Dukeman has been arrested in Kenosha on a warrant charging forgery. She is wanted at her former home at Grand Rapids, Wis.

LIFE INSURANCEWoman Thought To Have Been Killed  
by Black Hands, Was  
Strangled.

[SPECIAL BY SCRIPPS-M'RAE.]  
Buffalo, N. Y., Jan. 10.—The investigation of the murder of Josephine De Santis, who was found strangled to death at the Terrace hotel yesterday, disclosed that the woman's life was insured for thirty-five hundred dollars, and that her husband, Antonio De Santis, is the beneficiary. The husband was arrested. It was first believed the murder was the work of the Black Hand.

JAP WARSHIPS ARE OFF  
COAST OF MADAGASCARMessages From Strange Vessels Are  
Intercepted by Cruiser of the  
British Navy.

London, Jan. 10.—The Port Louis correspondent of the Daily Mail says the British cruiser Forte, which is at that port, has intercepted a number of wireless cipher messages from strange warships. The nationality of the ships using the cipher has not been fully decided yet, but the messages are believed to be in the Japanese code.

There have been reports from the eastward that Japanese cruisers were approaching Madagascar.

Nothing more has been seen or heard of the Baltic fleet, and it is believed that it is seeking shelter somewhere off the coast of Madagascar, or among the Comoro Islands.

A large Russian warship was seen off Mayotte, one of the Comoro islands, a few days ago.

The Daily Telegraph's correspondent at Chfoo reports that the Japanese consul there has received news of a disastrous mine explosion at Port Arthur. The same correspondent asserts that a large portion of Gen. Nogi's army has already hurried north to Liaoyang.

Maurice De Kominski of Chicago, Mr. Pinard of Philadelphia and Charles H. Steinway of New York have been appointed to the Legion of Honor of France.

The Texas legislature, which convenes in Austin today, will have to provide for appropriations aggregating nearly \$10,000,000, including a deficit of nearly \$2,000,000, and it is expected that corporations will come in for considerable attention in revising the taxation system of the state.

Assemblyman-elect F. A. Cleary of Elroy was given a banquet before his departure for Madison to assume his duties in the assembly.

CONGRESS HAS  
NEW FEATURESPrivate Concerns Force Merchants To Pay  
Ruinous Prices For Their Icing.

## ONE COMPANY IS IN CONTROL

Witness Declares That Armour Holds Absolute Power  
Over The Price Of Perishable Food  
Commodities.

[SPECIAL BY SCRIPPS-M'RAE.]  
Washington, Jan. 10.—Private car lines, and, in particular, that operated by Armour & Co., were denounced as piratical enterprises, which employ the methods of highwaymen, before the interstate commerce committee of the house, which Monday continued its hearing on bills further to restrict carriers. George F. Mead, a member of the National League of Commission Merchants, of Boston, on the stand complained of inroads he said were made in his business by such lines. These lines, he said, have grown to such an extent that the car line company known as Armour & Co. virtually controls the price of perishable food commodities in this country.

Can Rule or Ruin.  
These private car lines, he said, can ruin men, and even states, by their traffic rates.  
Mr. Mead said that \$100 was charged by Armour & Co. for icing a refrigerator car from the Missouri river to the eastern seaboard. In his judgment \$25 would be ample. Mr. Mead said that on account of these freight rates business interests of the country not only were on the point of ruin, but many business houses had already been wrecked. Railroads, he said, would welcome a change regarding contracts for refrigerating cars, as they would be freed from the domination of Armour & Co. who, he said, held over the roads the threat of destruction of their business. Armour & Co., he said, use their vast business with the roads as a threat to enforce exclusive contracts.

Commission Should Have Power.  
The Cooper-Quarles bill, he said, should be passed, as at the present time it takes four years to obtain a readjustment of rates, and in the meantime shippers are compelled to pay the rates of which complaint is made. The rate, he said, should be adjusted by the interstate commerce commission, and litigation might follow.  
At the outset in the hearing Mr. Lovering of Massachusetts, a member of the committee, protested against the manner in which E. P. Bacon, chairman of the interstate law convention, had been interrogated by Mr. Mann at the last session. He charged that the questions were irrelevant and too personal. It was, he said, of little consequence whether he was one of the four men accused of attempting to hold up a bill. What he wished was questions which would elicit facts. "I absolutely disclaim," he said, "any part in the manner of questioning that was employed at the last session of the committee."  
"And I agree with you," said Mr. Richardson of Alabama.

BASEBALL CAPTAIN IS  
KILLED IN A WRECKLeader of the University of Illinois  
Team Is Victim of Smash-Up on  
the Big Four Road.

[SPECIAL BY SCRIPPS-M'RAE.]  
Urbana, Ill., Jan. 10.—Ralph O. Roberts, captain of the University of Illinois baseball team, was killed Monday in a wreck at Rising, ten miles west of here, on the Big Four railroad, and eight persons, including several university students returning from their vacations, were injured.

The dead—Ralph O. Roberts, Keokuk, Iowa, University of Illinois student, crushed in dining car, his skull being split open and body bruised; died a few minutes after the wreck occurred.

The injured—Francis C. Bagby, University of Illinois sophomore student; severe scalp wound and bruises.  
F. B. Cassidy, Bloomington, professional ball player, drafted by Pittsburgh; severely cut about head and neck.

W. W. Deeter, Indianapolis, Ind., conductor; injured internally; injuries probably will prove fatal.

Arthur G. Heidrich, Peoria, University of Illinois freshman student; two ribs broken, collarbone dislocated, and internally injured in addition to cuts on face; taken to Burnham hospital.

C. H. Howell, Keokuk, Iowa, University of Illinois senior student; injured slightly.

William L. Standard, University of Illinois student; thrown into ditch, but not seriously injured.

Oliver Vaughn, Indianapolis, Ind., waiter on dining car; severely injured and taken to hospital.

E. H. Wagner, Indianapolis, Ind., traveling man; taken to Burnham hospital with injured back and severe wound in one hip.

The wreck was caused by the dining car, which was on the rear of the train, jumping the track. It is believed this was the result of a switch rail spreading. The dining car was the only one to leave the track, and Roberts and the passengers who were injured were occupants of that car.

Roberts was thrown through a window and was frightfully mangled. He was center fielder on the Illinois baseball team and a member of the Kappa Sigma fraternity. The corpse of John M. Hasselwood, center rush on the football team, was narrow, as he had been speaking to Roberts just before the wreck, but left to get his overcoat in another car.

## Chemistry on Railroads.

The operation of a modern railway is a place where chemistry would hardly seem likely to be much in evidence, but every large railway system maintains expert chemists in whose laboratories questions of vital importance to railroad economies are constantly undergoing minute chemical study.

## Dimples on the Chin.

Not one girl in 10,000 has a dimple in her chin. Indeed, this kind of dimple seems to be more frequent in men than in women. It has another peculiarity—namely, that it is permanent, whereas other dimples of the face come and go with changes of expression.

[SPECIAL BY SCRIPPS-M'RAE.]  
Manila, Jan. 10.—Word was received today of an engagement with the Morros on Jan. 8 on the Island of Jolo in which Lieut. James J. Jewell and a private of the Fourteenth cavalry were killed. Second Lieutenant R. W. Ashbrook of the Seventeenth infantry, Captain Halstead Dory of the Fourth infantry, Lieutenant R. C. Richardson of the Fourteenth cavalry and several privates were wounded. The fortress where the fight occurred was captured and demolished.

## WILL NOT MEET WHISKY CUT

Peoria Independents Reduce Basing  
Price to \$1.23.

Peoria, Ill., Jan. 10.—Independent whisky men express themselves as unopposed by the action of the trust in reducing the basing price of whisky from \$1.24 to \$1.23.

The independents, after a hurried consultation, decided to announce a reduction of 1 cent in their basing price, which would make it \$1.23, instead of \$1.24. They refused to recognize the last cut made by the trust.

The trust people declare that although the independent basing price is published as 1 cent higher than that of the trust, yet their actual selling price is the same.

## Harvests Hay in Snowstorm.

## Washed Air for Pig Iron.

Pittsburg, Jan. 10.—By laundering the air, Vice-President Bope of the Carnegie Steel company declares he will bring about a revolution in the manufacture of pig iron, increasing the output and lowering the cost from \$1 to \$2 a ton.

## Seeks to End Slav Strike.

Nijni Novgorod, Jan. 10.—The members of the local stock exchange have petitioned the minister of finance to appoint a government commission with the view of ending the strike at the Baku oil fields.

## Testing the Richness of Milk.

Dairymen abroad have been experimenting for the purpose of determining which yield of milk, the morning or evening, is the richer of the two. The decision was in favor of the evening milk being the richer, both for butter and cheese making qualities. The milk of cows fed on ground feed in winter was richer than that produced by the same cows from grass in the summer.

## MAYOR APPOINTS INVESTIGATORS

WHO ARE TO DELVE INTO CITY POLICE AFFAIRS.

### MILTIMORE IS APPOINTED

On Library Board to Succeed C. L. Fifield—John Brown Gets \$50 for Extra Services in Police Dept.

When the city council met last evening, Aldermen Matheson and Schwartz were absent and ex-Alderman Constable's seat was vacant on account of his resignation to assume the duties of city marshal. Mayor Hutchinson announced that inasmuch as no alderman to fill the latter vacancy would be chosen from the second ward until the spring election, Ald. E. H. Connell would be asked to fill the place on all committees on which Mr. Constable originally served. This gives the senior statesman from the second the chairmanship of the lighting and school committees and a place on every other existing committee save those of license and finance.

**Police Committee Chosen.** On the committee which is to investigate police affairs, and make recommendations regarding changes and improvements, His Honor appointed F. H. Jackson, E. J. Schmidley, and E. H. Connell. It seems a foregone conclusion that among the changes advocated will be natty uniforms advocated will be worn at all times while on duty and the relegation to the wood-pile of the "big sticks" which they have carried and the substitution of the regulation "bills."

**Miltimore on Library Board.** Many months ago J. M. Thayer was appointed to succeed Judge Charles L. Fifield whose term had expired as a member of the library board. Mr. Thayer immediately resigned the place has since remained vacant. Mayor Hutchinson last evening appointed C. K. Miltimore to the position. Wallace Cochran resigned as constable from the third ward and his resignation was accepted. Alderman Connell placed in nomination for the vacant position the name of Elmer Skelly, but his colleagues deemed delay until the next meeting advisable.

**Appropriation for John Brown.** With reference to the vexed question as to whether or not Officer John Brown, while performing the duties of city marshal from Nov. 1 to Dec. 1, was entitled to extra compensation of \$25 a month—that is to say the full salary of the marshal—City Attorney Burpee submitted an opinion wherein he declared that when the office became vacant the salary lapsed and that the resolution adopted by the council on Oct. 31 did not elect Mr. Brown marshal. There was no such office as acting-marshal and marshal could only be elected by ballot. An officer takes his office with honor—that is to say with the understanding that additional services pertaining to his office may be required of him from time to time without additional compensation. But a distinction is made in a case where an officer performs duties of another officer and outside of and not a part of the duties pertaining to his own office. Alderman Connell moved that the city clerk draw an order on the city treasurer in favor of John Brown for the sum of \$50 for extra services rendered during the two months in question. After some discussion, the distinction between paying for services as city marshal and paying for extra work having been distinctly drawn, the order was passed.

**Other Business Transacted.** Reports of the city treasurer and municipal court for the month of December were received and passed upon. Likewise the report of the finance committee. The city clerk was instructed to place \$1,000 insurance on the new Spring Brook fire station, which is to remain unoccupied until March 1. On an order introduced by Alderman Murray the city treasurer was instructed to transfer from the ward funds to the general fund various sums of money representing expenditures for crushed stone and brick. The street commissioner was instructed to have the dump-carts at the stone crushing plant repaired and put in order.

### HE HAD FAITH.

And It Was Justified.

"In reply to your letter of recent date, will say that an 'cure' sound as a dollar. I used about three of the fifty cent packages. I was going to write you, but was holding up to see if the pills would give any further trouble. I feel no signs of the piles and believe I am cured entirely. I had faith in Pyramid Pile Cure at the start, and stuck right to the treatment. You can refer anyone to me who won't like. I can soon tell what Pyramid Pile Cure has done for me. Wish you much success. I remain, J. C. Kinkaid, Mgr. for Fleischman & Co., Agency at Knoxville, Tenn."

It is a well recognized fact that the best advertising an article can have is that which is known as "word of mouth." This rightfully carries more weight than all the claims that can be set forth. It follows that Mr. Kinkaid, with his wide acquaintance, will largely promote the sale and use of Pyramid Pile Cure because—and here is the vital point—he knows whereof he speaks, and not only advocates its use but does so with enthusiasm; this is not to be wondered at, and in point of fact can anyone, after reading his letter, doubt that this remedy cures?

Pyramid Pile Cure is sold by druggists for the low price of fifty cents a package, it is in suppository form, is applied directly to the parts affected and does its work quickly and painlessly; there is no other remedy "just as good."

tubs were offered and thirty sold at 29c. The market was firm at 29c. Output of week, 456,900 pounds.

## WOODMEN TO TAKE IN LARGE CLASS

Over Forty Neophytes Will Be Initiated at Next Meeting—Installation.

One of the largest classes of neophytes ever taken into a fraternal organization in this city will be initiated into the Woodmen by the Florence camp, No. 365, on Monday, January 23. More than forty names have been secured and accepted by the lodge, the largest number of these being Janesville business men. At the meeting last evening a committee was appointed to make special arrangements for the evening. Those who comprise the committee are H. D. Murdoch, O. S. Morse and P. P. Starn. The newly chosen officers of the Woodmen were installed last evening by P. H. Farnsworth, the outgoing venerable consul. Those placed in office are: Venerable consul—H. D. Murdoch, worthy advisor—Thomas Donnelly, clerk—J. W. Van Buren, banker—O. S. Morse, escort—W. Forrest, watchman—Andrew Walker, sentry—George Leggo, manager for 3 years—Charles Elmer, physicians—Dr. M. A. Cunningham, Frank Pember, James Mills, Wm. H. Judd, G. C. Chittenden, E. F. Loomis.

## AGITATED SYSTEM OF COMMISSIONER

Government for Counties Instead of Supervisor System Would Avail Nothing.

In regard to the movement, having its inception in St. Croix county, to have the legislature at the session about to convene amend the constitution so that the counties would be governed under the commissioner system instead of supervisor system, Edward Rathenau, a member of the county board of supervisors for the past twenty years, says: "The return to the commissioner system has several times been advocated since I have been a member of the board but nothing has ever come of these movements. The present system of supervisors has in all instances as far as I know proven very satisfactory in Rock county. Here the reason for change could not be expense, because the meeting of each year would cost the county as much as the three meetings of usually three days' duration each, which it is now the custom to have. In some counties the privilege of remaining in session twelve days is grossly abused but never have I known the Rock county board to be in meeting more than three or four days at a time. It is no object for a man to be elected supervisor, the position by its nature costing him if he live outside of the place of meeting or have a regular occupation as much, if not more, than he receives as a compensation for his work."

The work of a board of supervisors is largely routine and can be left to the end of each year before being transacted, making the argument of the efficiency of three men to pass on a measure at any time, almost invalid. Committees are appointed from the board which have power to transact all business in the line of government for which that committee was appointed, if necessary. Then, too, under the commissioner system, either the county districts or the cities of the county would not be represented fairly. It would be natural for the county townships to unite against the cities electing a majority of the commissioners and taking away from the cities their rightful representation on the board, or the cities might in the same way combine against the farmers and villagers. In this way there would be a continual wrangle over taxes, the farming communities when having the majority of the board thrusting the largest burden on the cities and vice versa when the cities were in power.

One other point to be considered is that each township has its needs and each ward has its needs which are supplied by city through the county government. If each township and each ward is not represented by a person knowing the needs of that township or ward it would be impossible to give him justice.

### How to Make a Chadwick Cocktail

Have you partaken of the Cassie Chadwick cocktail?

It's a cool concoction calculated to chase barking care and bring the flush of prosperity to the brow of the who drinketh. Needless to say it is a result of the recent prominence given to the woman after whom it is named, and like Mrs. Cassie, it is a hypnotist.

If you would "ask the man" behind the bar, and let him to use a dash of pure bladders, another of Tombs tonic, a jigger of "bonded" whiskey, with a suspicion of Carnegie rum and a little Oberlin syrup. Stir in ice and be sure to have a blushing cherry in the bottom of the glass when it is served.

A few of these will make the one who carries them feel as rich as Mrs. Chadwick ever was, in fact or on paper.

### THE MOVEMENT FOR CLEAN MONEY.

The rapidly growing demand for a more wholesome and decent paper currency constitutes one manifestation of the healthful tendencies of the times.

To use the language of science, this is an "antiseptic age," to use the language of everyday life, this is an age of cleanliness. In the realms of pathology it is the era of germ discovery, and annihilation; in domestic affairs it is an era of soap and water, plentifully provided and industriously applied.

To checkmate the microbe has been the diligent endeavor of modern medicine and surgery; to promote that virtue which is justly extolled as next in rank to Godliness has been accepted as an unmistakable tribute to advancing civilization. It strikes the SENTRY as a self-evident satire on this condition of things that our government permits the people throughout seven-eighths of the entire republic to handle paper currency in small denominations that is disreputable in its dirt and recognized as well as a disgrace to the nation whose seal of verification and guaranty it bears.

There might be some shadow of excuse for this state of things if there were no remedy. But there is a remedy. The proposed Post-Check currency would provide adequate means for the return and re-issue of these small bills several times every year, not only without expense to the government but yielding a profit, and extending to the remotest points of the nation its beneficial effects. This Post-Check money system, it will be remembered, provides that every one two and five dollar bill shall have on its face blank spaces to be written in when the holder desires to send by mail in lieu of stamps, coins, and small money orders now employed for that purpose. A part of the scheme is that a bill once used as a check is immediately retired from circulation, destroyed as mutilated currency and re-issued. This keeps a constant flow of crisp, new bills from the press to the hands of the people.

Thus while the Post Check would furnish an ideal medium for small remittances, and for that reason alone is worthy of adoption, a larger respect of the case, and perhaps an even greater benefit is found in this ideal function of constant renewal of the small bills and clean money is kept in circulation throughout the country. Undoubtedly, disease lurks in dirty bills, where tempting nests for microbes are found. A medical journal tells us that the sponge used in a bank was analyzed and found to be swarming with microbes of various deadly diseases. Few of our bundles of bank notes would pass muster at quarantine.

All classes are affected. The surgeon who carefully sterilizes his lancet and uses all manner antiseptic precautions in performing an operation, takes his pay in filthy paper, which affords an excellent "culture" for deadly germs. The most refined woman who has carried personal cleanliness to the extreme limit fumbles loathsome bills in her daily hand—even holds them in her teeth. This health and decency combine to denounce the filthy our currency carries. The difference between a crumpled, greasy, dirty bill and a fresh one is precisely the difference between soiled and fresh linen. If there were no other reason for the Post Check, this would suffice. There are many more. Clean money will be an incidental, but most grateful boom. It cannot come too soon to suit a people whose instinct for cleanliness cries out vehemently for this needed reform.

And the inventor of this many-sided scheme of public utility has not only assigned his patents to the government without asking any recompense but he has expended many thousands of dollars in legitimate agitation for the adoption of the invention without hope of reward.

The principal enemy to its adoption has been Mr. Ellis H. Roberts of the U. S. treasury, principally on the ground that it would cause considerable change in the rut-like, tiresome, and ancient routine work in his office, apparently losing sight of the needs and demands of the people for clean and convenient money, and that the change would effect an annual saving to the government of upwards of \$500,000, as reported by the Auditor having charge of money-order vouchers. ## NEWS CONCERNING THE Y. M. C. A.

JUNIORS PLAN TO HAVE BANQUET JANUARY 26.

### GAME OF BASKET BALL MAY

Be Scheduled Between Junior and Intermediate Teams—First Not Practicing.

Thursday, January 26, has been set as the date for the first of the banquets of the junior department of the Y. M. C. A. to be held this year. The tables will be loaded with hearty food and after the justice has been done to that, there will follow, it is thought, though not decided, a program of toasts. The social committee of the department will meet in the near future to make more definite arrangements and if the toasts are settled upon will assign topics to different members of the classes. This is the first of the banquets that will be held this year as a part of the social work. The others will be held in April and October, but definite dates are not as yet known.

**Intermediates vs. Juniors.** This year the junior department has among its ranks some exceptionally strong basketball players and feel confident of being able to play a hard game with, if not win a victory, the intermediate boys. A game has not been scheduled between the two departments but some time during the next month it will, in all probability, be arranged to have the two teams pitted but would be held in form in short order and get in sufficient practice to play together, having been playing nearly at every class meeting. The juniors have not been assigned places on the team but those from whom the five will be chosen are: Elmer Dreyer, Perry Strong, Floyd Bennison, Floyd Kilmer, Roger Cunningham, Stewart Richards and John Griffiths.

**First Basketball Team.** It is possible that the first basketball team of the association has completed its season. Both games played thus far have been lost and the playing of the different members of the team has been rugged in nearly all instances. The five is greatly in need of practice as a team and unless regular practices are held no more games will likely be scheduled. Contests can be arranged with Milton college and other teams if the association five can improve. This year the members of the team are registered in neither the A. A. U. or A. L. N. A., the two amateur athletic associations, and so games cannot be played with Rockford which is this year registered in the A. A. U.

## ...LINK AND PIN... News for the Railroad Men.

Car Foreman Abendroth of the St. Paul road has on his hands a job which is one rather out of the ordinary. An iron bridge, loaded on two flat cars, and billed for Mineral Point, broke through the middle of one car. The wrecked piece of rolling stock has to be removed from under the iron structure and another car placed beneath before the delivery of the bridge can be made.

The Missouri Pacific railroad has announced that it will make a general reduction in the wages of train conductors. The conductors have not yet agreed to accept the proposed cut. There is a good deal of friction over the matter. The other railway unions are upholding the conductors, as it is generally believed that the wages of other employees will be cut if the conductors accept lower wages.

"The general business situation and outlook in the country at large are excellent, and in the territory of the Illinois Central are at least as encouraging as in any other section of the United States," says Stuyvesant Fish, president of the Illinois Central system. "Everything points to a prosperous year in 1905, and a feeling of confidence is manifested practically throughout the country, outside of Wall street."

### RAILWAYS TEST THE TAX LAW

Papers Filed by Two Roads Against Wisconsin Attorney General.

Madison, Wis., Jan. 10.—Papers have been filed against Attorney General Sturdevant by the Chicago, Milwaukee & St. Paul and the Wisconsin Western railroads to test the new ad valorem tax law, which increases the taxes of the St. Paul road about \$200,000 and of the Western about \$60,000. The contention is that electric roads carry passengers and freight also, but are not so taxed; that the St. Paul owns its sleeping cars and pays taxes on them, while other roads do not, and that such a tax amounts to confiscation of the property.

### GREEK AND LATIN CLERGY FIGHT

## Toten Talk.

"I see you are going to have Robert Edesing here tomorrow night," said a traveling man at the Myers House this morning. "Well, I do not know of another man on the road today who plays the parts he has with as much vim. He has a young fellow with him this season that I am much interested in. Sidney Ainsworth is his name. His home is in Madison and I have known him since he was the boy soprano in the Grace church choir in that city. Sidney was an angelic looking youngster and when he got too big to sing with the small boys and his voice was changing into that of a man he used to carry the cross at the head of the choir. He always had a liking for the stage and I remember a good many years ago he made his debut as a black faced comedian at some local entertainment. It had been announced that a professional was to take part and everyone thought Ainsworth was the professional until he stuck his thumb in his mouth, a boyish trick of his, and then we all knew him. When the Spanish war broke out he went to the front with the First Wisconsin. That is he went as far as Jacksonville, where the bad water and flies did him up and he nearly died. Then he went to Chicago and by chance fell in as a super in a company that Viola Allen was with. He did well in the small part he had then, that when Arizona came to Powers the next week he was hired as one of the superes there on Miss Allen's recommendation. By chance he had an opportunity to show the Arizona management how soldiers ought to be drilled, recollection of his Jacksonville days I suppose, and when the company left Chicago Ainsworth went with them. Since then he has had several good parts and now he is with Edeson. I am glad he is going up the ladder and I am sure he will succeed."

## FOOTLIGHT FLASHES

Notable and Popular Players to Appear Here With "Ransom's Folly." Mr. Henry B. Harris under whose direction Robert Edson will present the new Richard Harding Davis comedy of American army post life, "Ransom's Folly" for the first time here at the Myers Grand, Wednesday, Jan. 11, will bring to this city the cast and production precisely as employed at the Hudson theatre where it was presented 100 times. Among the notable names in the cast are Percilla West, Edmund Breese, Frazer Coulter, Grace Thorne, Richard Sterling, Eleanor Carey, W. H. Burton, Jane Rivers and Charles Sturgis. The sale of seats and boxes for this important dramatic event will begin at the box office on January 10, and judged from the volume of inquiry received interest in Mr. Edson's appearance is widespread.

A Clever Company. The Davidson Stock Company will be seen at the Myers Grand Thursday, Friday, Saturday afternoon and evening. It is considered one of the

strongest and most popular stock company on the road playing at popular prices. The people are all clever and experienced actors and actresses, and they give only first class performances. The repertoire this season embraces some of the best plays that have ever been offered to a local audience. Every play is staged in an appropriate manner and correctly interpreted. High class specialties are introduced. Popular prices will prevail during this engagement.

### The Reason For It.

With such plays as "Dens and Palaces," "Wife for Wife," "The Two Orphans," "Under Two Flags," "Wormwood," "Camille," "Dr. Jekyll and Mr. Hyde," "The Train Robbers," "Goody Two Shoes" and others, all staged in first class manner, special scenery, it is no wonder that the Davidson Stock Company are doing the enormous business in every city they play this season. This is their sixth season and stronger and better than ever before.

## ...Forty Years Ago...

Janesville Daily Gazette, Tuesday, January 10, 1865.—Rally! Rally!—All persons that think we ought to be credited with the number of men furnished by the city, in excess of the quota, under the President's call of July 1864, and that such excess ought to be allowed on the recent call, are requested to meet at the Court room on Wednesday evening at 7 o'clock to adopt such measures as may be expedient to induce the authorities to allow such credits.

Dated January 10th, 1865. S. A. Hudson, Willard Merrill, John M. Chase, John Winans, J. L. Kimball, James Sutherland, D. Allen, W. L. Mitchell, M. H. Cook, J. M. May, S. W. Smith, D. E. Fiffeld, F. Kimball, Chas. E. Moseley, H. S. Conger, H. A. Patterson, A. D. Wickman, A. Hyatt, Smith, M. S. Pritchard, A. Rogers, James Hulson, George Benton, Chas. Skelly, J. W. D. Parker, and many others.

Returned.—Mr. Charles T. Weber, well known in this community as for a long time the efficient master mechanic in the railroad repair shops, and locomotive engine house at this place, but who for the past season, has been engaged on the Peninsula Road, has returned to this city and resumed his former position. Charley is a first rate mechanic and a good fellow generally. We welcome him back.

The Lumber Mutual Fire Insurance Company of Boston, Mass.

The annual meeting of The Lumber Mutual Fire Insurance Company of Boston, Mass., will be held at the Exchange Club, 118 Milk St., Boston, on Wednesday, January 18th, 1905, at 10 o'clock A. M.

1st. To hear Report of Directors and act on anything thereon.

2nd. To hear Report of Auditor and act on anything thereon.

3rd. To hear Report of Treasurer and act on anything thereon.

4th. To consider and act on each separate article of the by-laws of the company as recommended by committee to be amended to read as follows, or to act on anything thereon:

Full Text of By-Laws.

BY-LAWS.

The Lumber Mutual Fire Insurance Company of Boston, Mass.

ARTICLE I.

Members, Benefits and Liabilities.

Each person, firm, company or corporation insured in this company shall be considered a member thereof, and entitled to one vote for each policy held by them, not exceeding ten, at all meetings of the company, and shall be held to pay such losses, and shall be entitled to such benefits, as are expressed in these By-Laws, as their several policies, and the charter of incorporation of the company.

ARTICLE II.

Power of the Company.

The power of the Company shall be vested in a board of fifteen directors, in three classes, of whom five shall be elected by ballot at each annual meeting of the Company, for a term of three years. Vacancies in any class may be filled by the board for the unexpired term. There shall be elected by ballot from the Board of Directors at their first meeting after the annual meeting of the Company, one to serve as president, one to serve as first vice-president, and one to serve as second vice-president.

ARTICLE III.

Meetings of the Company.

The annual meeting of the Company shall be held on the third Wednesday in January in each year at ten o'clock A. M. in Boston; annual meetings shall be notified by the secretary by advertising the same in one paper in advertising the same in one paper in which the company is admitted to do business, at least seven days before such meeting. Special meetings may be called by a petition of twenty members, to the president, setting forth the object of said meeting, or by the president himself, when he deems it necessary, and said meetings shall be called by the secretary in the same manner that the annual meetings are called. At any meeting of the Company ten members will constitute a quorum.

ARTICLE IV.

Duties of Directors.

They shall superintend the prudential and financial concerns of the company; fix the rates of insurance, dividends and return premiums, in fixing the amount of dividend to be paid to each policy holder as the share of profits to be allowed the holder thereof at the expiration of the policy, there shall be had to the interests of all the policy holders and the well being of the Company. The amount so fixed shall be the sum each policy holder shall be entitled to receive as his share of the profits accruing while the policy was in force or otherwise.

Bounty or No Bounty.—Our citizens will remember that this week Thursday they will decide through the ballot box whether or not they will give a bounty to raise volunteers to fill our quota on the pending call for men. Such elections are being held however all over the state, and the verdict is in almost all cases in favor of "bounty."

Violation of the Revenue Act.—The distillers of New York and neighborhood, heretofore charged with violation of the international revenue law are now, it is understood, paying the pecuniary penalties to which they are liable, and so of other establishments in other parts of the country.

The total amount of sales, including rents of pews, in Plymouth church, Brooklyn, of which the Rev. Henry Ward Beecher is pastor, this year, was over forty thousand dollars.

Returns to Be Made.—Farmers are required now to report to the United States Assessors all cattle, hogs, calves and sheep, which they slaughter for sale. The tax on all horned cattle is forty cents, hogs 10 cents, calves 5 cents and sheep 6 cents. Returns must be made during the first ten days of each month, and persons failing to make returns as required by law are liable to severe penalty.

The net profits or surplus existing at any time arising after meeting the requirements of this by-law and the requirements of law relating to reserve for the company, shall be held by the company, and safely invested and be a reserve for the security of the insured, to be used to meet losses and expenses as they may accrue. They shall fix the amounts to be insured, and the compensation of all the officers of the company, and have the management and regulation of all matters and things not otherwise provided for in these regulations. They shall elect a secretary, treasurer, and other officers as they shall deem expedient. They shall fix the form of application and policy so far as the statutes permit. They shall hold meetings on the third Wednesday of January and July of each year; call special meetings of the company when required. Special meetings of the board shall be called at the request of five members in writing, stating the object of said meetings. They shall allow gratuities for services in extinguishing or preventing fires, not exceeding five hundred dollars, and make a detailed report of the condition of the company at each annual meeting. Six directors shall constitute a quorum for business, and in case a quorum does not meet, the Secretary shall adjourn the meeting from time to time, giving notice to the President and Directors. Each Director shall receive ten dollars for each meeting, for attendance, and five cents a mile for actual travel to and from the same. The Directors may prescribe such other duties of the different officers as are not expressed in these By-Laws.

ARTICLE V.

Duties of the President and Vice Presidents.

The President shall preside at all meetings of the company and of the Directors. He shall sign or cause facsimile of his signature to be added to all policies. He shall call special meetings of the company, and of the Directors, whenever he deems it necessary. Vice-presidents to act in absence or disability of President.

ARTICLE VI.

Duties of the Treasurer.

He shall give such bonds to the company as the Directors may require for the faithful performance of his duties; shall receive and disburse the funds of the company, be empowered to buy or sell, assign and transfer all property of the company, keep fair and accurate books of record of all money received and paid out by him, all under the direction of the Finance Committee; make a semi-annual report of the financial concerns of the company, to the Directors, and an annual report of the same to the company and attend all meetings of the Finance Committee, and advise with them at said meetings.

ARTICLE VII.

Duties of the Secretary.

He shall perform all duties incident to his office. He shall in absence of the President call meetings of the company upon the petition of twenty members, in the same manner that the President does, and also call all necessary meetings of the Directors in the absence of the President. He shall sign all policies with the President. He shall keep full and accurate records of the meetings of the company, of the board of directors and of

the Finance Committee. He shall have charge of the books of the company and of all the papers and records, under the supervision of the Board of Directors.

ARTICLE VIII.

The Finance Committee.

The Finance Committee shall consist of five members, two of whom shall be elected at the annual meeting by the Board of Directors from their own body. One to be elected each year for the term of two years. The President and the 1st and 2nd Vice-Presidents shall be ex-officio members thereof. It shall be the duty of said committee to adjust losses under the sanction of the Directors, by payment, by reference as the policy of the company provides, or by litigation, and to audit all bills of the company. They shall have the final decision as to acceptance of risks. They shall meet monthly to approve the Secretary's report of the preceding month's business, a copy of which shall be delivered or mailed to all officers and Directors of the company. The Directors may impose any of these duties upon other members of the Board as circumstances may require. Each member of the Finance Committee shall receive ten dollars for each meeting for attendance and five cents a mile for actual travel to and from the same.

ARTICLE IX.

Term of Policies.

The company shall insure for a term not exceeding one year, except on dwelling houses, unless by a vote of the Finance Committee on each special class the interest of the company shall require a longer period.

ARTICLE X.

Policy Holder's Rights Extend to Heirs.

In case of death of any policy holder, those who come into the legal inheritance shall have all the rights secured to the original holder of the policy, upon giving due notice to the company of such death and assuming all obligations of the original holder of policy.

ARTICLE XI.

Limit of Time for all Claims.

Any dividend or return premium not claimed within one year after the expiration or cancellation of a policy, shall be forfeited to the company. No suit or action at law or in equity shall be commenced or maintained against this company by reason of any policy unless the same shall be commenced within one year after the cause thereof shall have first accrued.

ARTICLE XII.

Contingent Mutual Liability.

The contingent mutual liability of the insured in this company shall be three times the annual cash premium. Whenever the financial condition of the company shall by reason of its losses and expenses, be so far impaired as in the judgment of the Directors to require the collection of the whole or any part of said contingent sum, it shall be the duty of the Directors to assess and collect the whole or any part thereof in just and rightful proportion, and said liability shall, upon the determination of said Directors so to assess and collect, be regarded and treated in every respect as the absolute funds of the company and available to it as fully and completely in all respects as the same would have been had a deposit note been given by the assured for an amount equal to three times the cash premium written in the policy.

ARTICLE XIII.

Amendments.

Amendments of these By-Laws may be made at any meeting of the company by a two-thirds vote of the members present, provided the proposed amendments are published in the call for the meeting.

5th. To choose, by ballot, directors to serve for three years.

6th. To act on any other business that may legally come before said meeting.

BY SISTERS OF HOLY CROSS.

"We cheerfully recommend Father John's Medicine as a good remedy for bronchial troubles and as a tonic and body-builder for those who are weak and run down. Several persons of our institution have used it with beneficial results. (Signed) Sisters of Holy Cross, 44 Chandler St., Nashua, N. H."

PREVENTED PNEUMONIA.

I have been wanting to write to you for some time past to tell you of the great good Father John's Medicine did myself and family, as a tonic and body-builder, after a severe attack of the grip. I was bordering on pneumonia and other doctors' medicine had failed. Father John's Medicine cured me. Its merit should be appreciated. Knowing it does not contain stimulants, I feel safe at all times in taking it. Thankfully yours, (Signed) Mrs. Rebecca P. Pennell, 417 North Fortleth St., Camden, N. J.

A NOVEL MODE IN CREPE DE CHINE

The voluminous lines of the present modes demand double-width materials for the best expression, and the one-skein crepes fill in delightfully with current requirements a satin finish which the little elements. The gown of steel-blue crepe has a satin finish which the little elements of black velvet ribbon enhance. The corsage, if fashioned upon surplus lines, a fichu draped over the shoulders, and the crepe shirred deeply into the armholes and underarm seams, crossing prettily below the bust, and fastening on the left side with little square bows of black velvet. The sleeves are moderate in dimensions, but the material is deeply shirred throughout their short length. The skirt is especially good, with its upper part shirred to the band, and two flounces each, much shirred headings, make a finish, the one being posed upon the lower of the other, and a velvetene facine applied in place of a hem to the lower end. Circular shirrings of the crepe are posed medallion fashion upon the skirt above the flounces, and make a stunning effect, with very little labor involved. While most of the shirring is done by hand, there is much of it that the oscillating stitch of the sewing machine will accomplish in half the time and with equally good effect.

FROM OUR REGULAR  
CORRESPONDENTS.

## MILTON

Milton, Jan. 10.—The college students were at their latest Saturday evening in the Junior's entertainment at the chapel. At 8:30 Major Doolittle of Kentucky, usually an unpretentious junior, began announcing cowboys and queens, ruffians and Vestal Virgins, Chinese, Indians, Negroes, and Dutchmen, scholars and clowns, mothergoose children and great men, Hiawatha and his Laughing Water, (Allen West and Miss Mabel Dunn), Benjamin and Mrs. Franklin, Ben Johnson and Miss Thomas; Tom and Maggie from the "Mill on the Floss," (Wesley Lowther and Miss Ethelyn Davis) Hans and Gretchen, (Mr. Harnickie and Miss Miriam West) were especially appropriate couples, while some combinations were equally ridiculous. The "Pickwick Papers" and "Looking Backward" were unique. Samantha (Miss Emma Anderson) with her umbrella and carpet bag, Virginia Carvel (Miss Holmes); Queen Elizabeth, (Miss Agnes Babcock); and Martha Washington, (Miss Anna West) were prettily costumed. The Grand March began at 9:15 and refreshments were served later.

## LIMA

Lima, Jan. 9.—Died, at her home in this village on Tuesday, Jan. 3, 1905, Mrs. Polly Hull, aged nearly 79 years.

Miss Polly Goodrich was born in the state of New York in 1826. That state was her home until after her marriage to Mr. Elijah Hull when they came to Lima where for many years they conducted a general store.

After Mr. Hull's death thirteen years ago Mrs. Hull made her home with her daughter until last fall when she moved to her home on the hill and was cared for by Mr. and Mrs. G. E. Piller. The funeral was held from the U. B. church on Friday afternoon and buried in Whitewater.

Mrs. Fred Osterheldt of Stoughton was a visitor in Lima over Sunday.

School reopened Monday.

Mrs. Chapman is taking a forced vacation on account of sickness. Miss M. Boyd is P. M. in the meantime.

Died, on Friday, Jan. 6, 1905, Mrs. Albert Stillman, aged 56 years. Mrs. Stillman had been a great sufferer for over a year from a complication of diseases. The funeral on Sunday was largely attended by neighbors and friends and the remains were laid away for their long rest in the cemetery in Whitewater.

The insurance meeting was well attended. The following will doubtless interest the members who were unable to be present:

Outstanding insurance on Dec. 31, 1904 ..... \$473,192

## ROCK PRAIRIE

Rock Prairie, Jan. 10.—Rev. S. G. Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The cure and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Huey, who has been assisting Rev. Whiteside of Evanson, Ill., is expected to return home Saturday.

Mrs. Huey left last Saturday for Pennsylvania, being called there by the severe illness of her mother.

Fred Rogers will lead the C. E. meeting next Sabbath evening. Topic:

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from over-exertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a fool of me. Some time before this a Mr. Young, of St. Louis, was in our town. He said my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me.

CHARLES GOODRICH, Caruthersville, Mo.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

## OFFICERS' RAID SWEAT SHOPS

Aggressive Action to Enforce New York License Law.

New York, Jan. 10.—Fifty so-called sweat shops, where clothing is made in Elizabeth street, were raided by inspectors of the state labor department and work stopped until the provisions of the new labor law have been complied with. This was the result of an effort on the part of the labor commissioner to compel owners of tenements to comply with the labor law compelling every owner, or agent, of tenements where clothing is manufactured to have a license.

Although the new law went into effect last October and the labor department sent out over 10,000 notices to owners or agents since then to apply for licenses, only 1,800 have filed applications.

## W. E. HINSHAW IS RELEASED

### HOLDS THERE WAS NO MOTIVE

State Executive Declares the History of the Case is Sufficient Reason for Granting Liberty to the Prisoner—Convicted of Wife Murder.

Indianapolis, Ind., Jan. 10.—The last official act of retiring Governor Winfield T. Durbin was the unconditional parole Monday of Rev. William E. Hinshaw, convicted of the murder of his wife, Thura Hinshaw, whose death occurred at Belleville just ten years ago Monday. Since his conviction Rev. Mr. Hinshaw has been confined in the Michigan City prison.

In issuing the unconditional parole Governor Durbin took the position that the state in the prosecution of the case had failed utterly to establish a motive for the crime. The case today, the governor said, is as full of mystery as it was ten years ago and all the intervening years have failed to throw new light on the crime.

#### Reason for Parole.

According to the governor the history of the case is sufficient reason for the release of the prisoner.

The Hinshaw murder is one of the remarkable crimes in Indiana history and, although Hinshaw was convicted and the supreme court approved the finding of the trial court, there are many persons who do not think Hinshaw killed his wife.

The murder occurred at Belleville, Hendricks county, a few miles south of Danville, about 1 a. m. Jan. 10, 1895. Hinshaw's story was that burglars got into the house and that he and his wife had a desperate fight with them. Mrs. Hinshaw was found dead on the back steps of the parsonage, where they lived, and Hinshaw was slashed eighteen times with a razor and shot twice.

#### Basis of Prosecution.

The trial occupied five weeks in the Hendricks circuit court, the theory of the prosecution being that Hinshaw and his wife quarreled over another woman; that Mrs. Hinshaw threw herself down on the bed and was shot by her husband, who inflicted the wounds on himself to carry out the burglar story; that he carried her to the place where she was found and then gave the alarm.

After the penitentiary doors had closed on Hinshaw James O. Parker, who was one of the minister's attorneys, said: "I am as well satisfied that an innocent man has been convicted as I am that I am living, and I shall devote my life to proving that Thura Hinshaw was not murdered by her husband."

A purse of \$2,000 was raised by Hinshaw's relatives and friends and placed in the hands of Wesley Davis, John W. Trotter and John Rawlings, all of Hendricks county, and Mr. Parker was asked to take up the case. He declined to do so or accept a retainer of \$1,000 from the Hinshaw family. He would take up the investigation, he said, on his own accord and at his own expense.

#### Detectives Refuse Case.

The committee, however, employed the Pinkerton detective agency, and Charles A. Vanatta, now superintendent for the Pinkertons for the Pacific coast, was put on the case. W. A. Pinkerton and General Superintendent Frank Murray informed the committee and the Hinshaw family that it was useless to search further for the robbers; that there was not the slightest clew from which to start.

The killing had been done with Hinshaw's revolver. Hinshaw had been slashed with his own razor—there was not anything on which an investigation could be based.

#### FOLK IS INAUGURATED.

New Governor of Missouri Would Deprive Non-Voters of Franchise.

Jefferson City, Mo., Jan. 10.—In the hall of the house of representatives, back to which he has traced the source of much of the bribery and corruption which he has exposed, Joseph W. Folk was inaugurated Governor of Missouri at noon Monday. Chief Justice Bruce administered the oath of office.

In his inaugural message Governor Folk declared the state should discountenance gambling in every form. He dwelt especially on the evil effect of horse racing on the youth of the commonwealth. In reference to the breeders' law, he said:

"The state should not license gambling under any guise, whether it be a lottery or pool selling on horse races. The pernicious effect on public morals is not lessened by requiring a fence to be built around the place where racing is carried on. The law should not sanction any practice that pollutes the youth and degrades the men of the state. There is no magic in a license to change moral wrong into innocence."

Governor Folk then turned to the legislators to advocate patriotism rather than partisanship, virtue in legislation and compulsory enforcement of the franchise of citizenship.

"The state is entitled to have each citizen vote in order that the result of the elections may be the just sentiment of the people of the state," he said. "It would seem to be only just that those who do not prize this privilege enough to exercise it ought to forfeit it."

"The knowledge that failure to vote would disfranchise them and make them political ciphers would bring home to them the realization of its supreme value. When a corporation obtains a franchise it is forfeited by nonuse. Apply that principle to the privilege of voting and it would do more than anything else to remedy the evil of civic indifference that is the weakness of a republican form of government."

#### PACKERS HARD HIT.

Attorney General's Argument Impresses the Supreme Justices.

Washington, Jan. 10.—"Not a leg is left the beef trust to stand upon," was the comment made by a Western senator as he walked away from the supreme court Monday at the close of Attorney General Moody's argument. And this was substantially the impression of everyone who heard the argument. Seats in the courtroom were at a premium when the attorney general resumed his argument, interrupted Friday afternoon. Mr. Moody had thoroughly mastered the work he assigned himself. All the questions asked by the justices indicated that the bench was in sympathy with the government's case, and if surface indications are worth anything the court will render a prompt decision enforcing the injunction. In several instances these questions materially strengthened the attorney general's argument by leading to answers which to the laymen seemed to sweep the very ground from beneath the packers. The attorney general spoke for nearly three hours and counsel for the packers closed with a brief argument, mostly a repetition of his opening statement.

#### President Urges Army Bill.

Washington, Jan. 10.—The president sent to the senate a message urging the passage of two bills providing for the reorganization of the medical and ordnance corps of the army.

#### Smallpox Among Indians.

Washington, Jan. 10.—Indian Agent Campbell, at Ashland, Wis., has reported to the commissioner of Indian affairs that smallpox has broken out on one of the Chippewa reservations there. The Indian bureau will send a supply of vaccine points to the agency.

#### Ball in Pension Building.

Washington, Jan. 10.—The house adopted the senate resolution providing, among other things, for the holding of the inaugural ball in the pension building. On a viva voce vote the resolution was lost, but a roll call enabled those favorable to the pension building proposition to muster their strength and pass it. Speaker Cannon and several of the Republican leaders recorded themselves as being opposed to the idea of the employment of the pension building for the purpose of the inaugural ball.

#### Congress on Proposed Laws.

Washington, Jan. 10.—President Roosevelt held another conference Monday regarding pending legislation. He consulted Representatives Esch of Wisconsin and Townsend of Michigan, both members of the house committee on interstate and foreign commerce, regarding proposed legislation respecting railroad freight rates. Both representatives favor affirmative action on the subject by congress at the present session.

#### SETTING HENS ON WATCH.

Unique Scheme of Minnesota Man for Breaking Biddy's Bad Habits.

Timothy Varney, who lives three miles east of Le Sueur, and keeps about 200 hens, has been greatly troubled, as have most people who keep hens, by the persistent desire manifested by the fowls to sit, in season and out, on eggs, stones or door knobs, or anything else that comes handy. But he has got hold of a plan now, says a recent report, which he has quietly tried with perfect success, and which he warrants will cure the worst fight Brahms chick that ever vexed the heart of man of all desire to sit, and all in less than three hours.

The cure consists of a cheap watch, with a loud and clear tick, inclosed in a case that is white and shaped like an egg. When the hen manifests a desire to sit out of season, he gently places this bogus egg under her sheltering breast, and the egg does the rest. It ticks cheerfully away, and the hen begins to show signs of uneasiness and stirs the noisy egg around with her bill, thinking, perhaps, that it is already time for it to hatch, and there is a chicken in it wanting to get out. She grows more and more nervous as the noise keeps up, and soon jumps off the nest and runs around awfully to cool off, but returns again to her self-imposed duty. It gets worse and worse with her, and she wriggles about and cackles, ruffles her feathers and looks wild, until at last, with a frenzied squawk, she abandons the nest for good and all. That incubating fever is broken up completely.

Mr. Varney finds use for half a dozen of these noisy eggs, and claims that they pay for their cost over and over during the year by keeping the hens at the business of laying, and not permitting them to waste the golden hours in useless incubating.

#### Laboratory and Gold Mine.

Prof. S. L. Bigelow, of the University of Michigan, made a happy comparison in a recent lecture on the "Modern Laboratory." Once it was easy for the student and investigator in chemistry to hit upon new things, just as once the treasure-seeker in the Rocky mountains needed no apparatus but a pan to wash gold out of the bed of a stream. But now, precisely as the wandering gold-seeker with his pan has given place to the costly installation of mining machinery, which extracts the precious metal from the bowels of the mountains, so the lucky discoverer who could enrich science by simply keeping his eyes open while scratching the surface has been succeeded by patient delvers, who must go deep, and who can make no progress without the elaborate and expensive equipment of a first-class laboratory.

#### Wiping Off the Slate.

The celebration of New Year's anticipates history. In fact, few civilized nations, or even semi-civilized nations, have been found that had not some ceremony of the sort. Among the varying races and ages it has been observed at almost all times in the year and in well nigh all kinds of ways. One central idea, however, has run through all, that of turning over a new leaf, of wiping off the slate. In some cases this takes the form of paying off old debts, in others of making a fresh set of resolutions, in all of cutting loose from the past and taking a stronger grip on the future. It is probable that the city in the ashes on the third level under Babylon knew a festival commemorative of the birth of the new year, when young men resolved to get rid of their vices, quit their meaner natures and become perfectly model and upright members of the community. And, alas, it is also probable that some of those worthy resolves were broken before the week was out, for human nature has been prone to strive and fall since the days before Atlantis sunk in the sea.

This idea is especially prominent in the Chinese New Year festival, which, by the way, is the chief celebration of the year, lasting for three full days. The celebration, which is held in February, has been observed from time immemorial.

## BIG FALL IN PIANOS

The Stock in Hands  
of W. H. Shnaekel

To Be Closed Out At Factory  
Cost--Sale to  
Last Ten Days.

To those who may be interested in the purchase of either a piano or an organ, we have an extraordinary proposition to make—a proposition that, we firmly believe, has never been made to the people of this or any other community before, and may never be made again, and it will pay you to read this article through, and learn how you can, if you buy during this sale, save anywhere from \$75 to \$125 on a piano, and secure an organ for just about your own price.

It may, or may not, be well-known to the people of Jansville and vicinity, that we have been the largest retail dealers in pianos and organs in Milwaukee for over 22 years, and that we have enjoyed an extensive wholesale or jobbing trade over a large territory in the western states, besides having a number of branch houses in different cities, employing men on a salary to run them for us. We established such a branch in your beautiful city of Jansville, over a year ago, and it has been conducted by Mr. W. H. Shnaekel, but we have fully made up our mind to discontinue our business here, and, rather than go to the expense of paying for freight and drayage, and suffer the loss by damage attending the boxing and shipping of so large a stock—over two carloads—to Milwaukee, we have concluded to close them all out right here, when they are, and to close them out quick, save time and expense, and, in order to do so, we will offer every piano and organ (for ten days only) at actual factory cost price.

It is not at all probable that such an opportunity will ever again present itself, whereby private parties can purchase a piano or organ, on easy payments, for less money than most dealers can buy them for cash.

This stock of pianos and organs consists of some of the best makes produced in this country, each and every one of them is fully guaranteed by the manufacturers, and again by us. A beautiful stool and scarf will go free with each piano.

This sale will begin Wednesday, Jan. 11th, and continue for ten days and for ten days only. Any instrument remaining unsold after that time, will be shipped to Milwaukee. You will find that the prices and terms will astonish you, for, when the cost of selling and the retail profit is deducted from articles of this character, it almost cuts the regular price in two.

Every piano in the house will be marked in plain factory cost figures. No more will be asked; no more accepted; so that a child can buy just as well as the shrewdest.

We cannot here quote prices on all of the instruments, and it is not necessary, as they are all plainly marked, but as a sample, we offer beautiful brand new pianos, pianos that sell everywhere for from \$225 to \$275, for \$108, \$132, \$150, to \$187.

We will close out, at this sale, new full sized Cabinet Grand pianos, in rare and costly woods, absolutely high grade pianos—that sell everywhere for from \$325 to \$400, at from \$217 to \$287; square pianos from \$25 to \$38.

The terms of this sale will be as follows: \$10 to \$25 cash down on all pianos, and payments of \$1.25 a week to \$10 a month will be accepted. There will be only one piano at each price quoted, and, when that one is gone, you can't get another at that price, so come at once to secure best choice.

The store is located at number 10 Jackson St., one-half block south of Milwaukee St., and will be open evenings until the sale is over.

Don't forget the location—10 South Jackson street, where W. H. Shnaekel has maintained a piano store for the past year.
